South Australia

Exchange Plus

Combine your Student Exchange program with an internship

We offer students the opportunity to work in an Australian company, on real life projects, alongside professionals. Employers say that university students who participate in a range of employability related activities during their study are a step ahead in the competitive job market.

Our internships are approximately 4 weeks or equivalent in length and taken at the end of your study program. You can also tailor your internship to be taken concurrently within your academic study plan. Your internship can be taken as credit if your home institution approves.

Total Program Cost AUD \$2,000

Top 5 benefits of an internship

- Practical hands-on experience in Australian workplace
- Looks great on your CV/Resume
- Networking with professionals in your industry
- Communication, interpersonal and cross-cultural skills
- Competitive advantage in graduate employment market

Internships

Kenny Rogers Silva E Sousa

Study Area: Engineering

Organisation: Arrium Mining

The aim of the project was to determine inefficiencies in the crusher tertiary circuit in terms of quality control. The work placement allowed students to assist with process monitoring and reporting, report on findings, assist with sampling and tasting in the Palletisation Plant and safe behaviour observations.

Marilia Da Nova Storck and Lais Waeger Delpupo

Study Area: Biology

Organisation: The Food Forest

The aim of the placement was to give students experience observing and working on a productive certified organic farm. Students learnt about the daily operations and practices of certified organic farms, food production and harvesting, safe food handling, Australian farming practices and revegetation projects.

Hear from our students

Haydan Vosburgh

Exchange student

Home institution: Oklahoma State University

"The orientation program was phenomenal. Not only did we get to learn about UniSA, we also got to experience a little of the city. The speakers were very informative about everything we needed to know as exchange students. South Australia is a beautiful state and Adelaide is a wonderful city. Studying at UniSA allowed me to explore both."
